

Licensed Mental Health Therapist:

Crossover Recovery Center (CRC) in Hildale Utah is looking for a FT (40 hours / week) Licensed Mental Health Professional who is committed to CRC's vision of providing excellent relational psychotherapy and substance treatment services through a person centered lens. This position will have day-to-day responsibilities under the clinic director and is responsible for maintaining the quality of services our patients need to successfully complete the Crossover Recovery Center substance treatment program.

Ideally, Crossover Recovery Center wants someone that can assist clinical staff with initial ASAM evaluations and has experience or the capacity to effectively run a weekly groups. This candidate will need to be able to do quality assessments, treatment plans and update treatment staff. Experience with documentation, quality control of documentation, and the ability to problem solve is a must.

We need a strong, passionate, and experienced clinician who is ready to share his/her gifts with our clients.

In addition, this person must be able to complete a criminal history background check through the State of Utah and must be able to pass a drug test.
