FOR IMMEDIATE RELEASE

**Findlay Volkswagen Donates Van To Help Transport Clients At Local Homeless Shelter**

ST GEORGE, UT – Jul 11, 2020 – Switchpoint Community Resource Center reached out to Findlay Volkswagen in need of a vehicle to assist Switchpoint clients facing homelessness. It is necessary to provide transportation for Switchpoint residents to important appointments, including doctor appointments, Department of Motor Vehicle for driver license replacement, and the Social Security Office for Identification replacements.

“This is a much-needed donation that was made possible by the generosity of Findlay Volkswagen and we greatly appreciate their support of the most vulnerable in our community”, said Kristen Clark, Director of Operations at Switchpoint.

General Manager, Curtis Whitehead explains, “Findlay Auto group has always been a believer in investing back in the communities in which they do business.

Communities are only as strong as the individuals that reside in them, therefore we see Switchpoint as a giant asset to the southern Utah community as they help individuals get through both physical and mental struggles. Findlay Volkswagen is excited to donate this van to help Switchpoint with their transportation needs as they shuttle patients to their different appointments. We hope that this van will aid them in the great work that they do for our community.”

In addition to donating the van, Findlay Volkswagen secured the van wrap to further help Switchpoint with awareness of the services they offer the community.

**About Switchpoint**

Switchpoint Community Resource Center has been in existence since 2014 providing temporary shelter and support for the homeless community in Washington County. Relying heavily on volunteers, additional services include job-training programs through their Thrift Store, Food Pantry and Bed ‘n’ Biscuits Dog Daycare facility. Switchpoint collaborates with over 20 nonprofit partners and local

government agencies to offer services and resources onsite. Beyond food and shelter, Switchpoint Community Resource Center is a stepping-stone to independence for those experiencing homelessness, helping to make poverty a temporary situation.
