switchpoint™

2020 ANNUAL REPORT

“Overcoming poverty
is not a task of charity
it is an act of justice”
-Nelson Mandela

MESSAGE FROM CEO & BOARD PRESIDENT

YOUR SUPPORT HAS VERY LITERALLY SAVED LIVES THIS YEAR MORE THAN EVER BEFORE, BY PROVIDING FAMILIES AND INDIVIDUALS WITH A SAFE PLACE TO STAY-AT-HOME AND THE RESOURCES TO IMPROVE THEIR LIVES

Dear Friends,

As we write, the world continues to be clenched in the grips of the COVID-19 pandemic. Never has our innovative spirit been more challenged as we pivot to meet the needs of our clients, to keep them safe and progressing on their journey to get their lives back on the right track.

The need for Switchpoint Community Resource Center is unprecedented as unemployment rates surge and food insecurity is at an all-time high. We have seen a 27% increase in those accessing the food pantry and soup kitchen, with most of that increase being first time applicants.

We know that meaningful connections and relationships are key to sustaining a successful life. And, that is the very thing that our clients have lost, especially in this time of isolation.

Connection is the energy that exists between people when they feel seen, heard and valued without judgment. We understand that as we purposely create these connections, hope, dignity and confidence are restored. This remains paramount to our work, although it looks different, with masks and six feet of distance, our love and air hugs fill the divide. *We treat people with love and dignity because that is where the change comes in. It's not just giving them food or a place to sleep. We cannot change people's lives unless we build a relationship with them.*

With your unwavering support and that of hundreds of exceptional volunteers and supremely dedicated staff and board members, we are accomplishing our vision to empower versus entitle – lifting hearts, opening opportunities and accessing possibilities even as it feels like doors are only closing. Together we accomplished much in 2020 as we kept adjusting, moving forward toward our goals, taking one step at a time with determination.

With deep gratitude,

Carol Hollowell,
CEO, SwitchpointCRC

David Dangerfield
Board President, Switchpoint CRC

2020 HIGHLIGHTS

relies on both private and public
partnerships, volunteers and donors like
Misty Kirby and the Paparazzi team

SWITCHPOINT

PREVENTING HOMELESSNESS

As a result of Switchpoint's programs to get residents into homes, nearly 2,000 people are no longer homeless

Shortly after arrival, caring staff members meet with families or individuals to understand their specific circumstances, housing and service needs with on-site case management for every client.

To help ensure that **those with the greatest needs are prioritized**, we use evidence-informed assessment tools such as the Specialized Prioritization Decision Assistance Tool (SPDAT). These evaluations help our team determine the most effective strategies and interventions needed to help our clients turn their lives around.

The Housing First model we employ is recognized nationally as the most effective method of ending homelessness. Once a person has been stabilized in housing, they are much more successful in addressing the issues that caused them to become homeless in the first place. Helping at-risk individuals and families secure stable housing is our passion, not just our mission here at Switchpoint.

We provide our clients with a variety of support to help them succeed in securing housing, including housing-based search assistance, short-term financial assistance and counseling, continued intensive home-based case management, help with applications and eligibility for food stamps, Medicaid, Veteran housing programs, mental health and recovery services.

“*You are not the darkness you have endured. You are the light that refused to surrender.*”

-John Mark Green

FELISHA FINDS HAPPINESS

”

Switchpoint took a leap by helping my family and me have the chance to surpass being products of the environment we were used to. They gave us hope to believe that we could be more than what we came from. They gave us the strength, courage, and support to persevere, making great strides in obtaining and sustaining a new life of happiness!!

If not for the shelter and its staff and volunteers we wouldn't be where we are today. We continue to utilize many of the resources they offer and support they provide. We couldn't be more grateful for all the help they've given us!!!!"

-Felisha

SWITCHPOINT

ADDRESSING INCREASED FOOD INSECURITY

Each week our Community Soup Kitchen serves 625 hot meals and over 1,800 families are helped each month through the Emergency Food Pantry

Food insecurity is on the rise as 1 in every 5 households have difficulty affording groceries. The Utah Food Bank is a vital partner to meet those hunger needs in our food pantry, providing grocery rescue and dry goods. Our Switchpoint garden supplements fresh produce to both our soup kitchen and food pantry. The LDS Bishop's Storehouse assists with food for the Switchpoint Soup Kitchen serving hot lunch five days a week.

As a result of the COVID-19 pandemic it became necessary to move the Soup Kitchen from Grace Episcopal Church to the Switchpoint campus in order to keep services from being disrupted. We are grateful to the many volunteers who have helped to make that transition smooth and successful.

An enormous volunteer force makes the soup kitchen and the emergency food pantry happen! It takes over 20 volunteers each day to keep the doors open. CDC protocols have been implemented in both locations to keep our staff and clients safe.

MILTON BELIEVES IN HIMSELF

“ My whole life I was beat down, and told that I was not good enough. I spent my youth in and out of juvenile programs and prison. I had no self-worth or value. I had no purpose or direction in life. I got heavily into using hard drugs. I lost everything and everyone I cared about. I could not go on living the way I was so I turned to Switchpoint.

Switchpoint showed me love and unconditional, genuine compassion that I'd never seen before.

Because of my caseworker's compassion towards me, I started to believe in myself and my self-esteem rose. I relapsed several times, but Switchpoint never gave up on me. Today I am 15 months clean. I am not homeless, and I have hope. If it were not for Switchpoint, I wouldn't be alive today to write this testimony.”

-Milton O. (Ben)

RIVERWALK

VILLAGE APARTMENTS

**Four long years in the making and now
55 families have a place to call home!**

Overcoming homelessness is a difficult challenge. We are thrilled to have partnered with the City of St George and you to create this solution for so many in need.

Riverwalk Village fills a major void in St. George's housing market. According to a recent market study done by Switchpoint, Washington County needs 1,800 additional attainable housing units.

Riverwalk Village Apartments features living spaces for low, moderate and market rate families and individuals. Layouts range from one to four bedrooms. This community of apartments feature a walking/biking path, community gardens, and a dog park.

CRYSTAL'S PLACE TO CALL HOME

These new residents at Riverwalk Village are thrilled to be together at home

“ I am most looking forward to cooking for my kids.
They missed mom's cooking.” -Crystal

HELPING FORMERLY HOMELESS & AT RISK INDIVIDUALS ACHIEVE SELF SUFFICIENCY

Switchpoint's training programs meet real needs for the local economy

Switchpoint provides high-quality adult education, job training and support services designed to help homeless and at-risk individuals achieve self-sufficiency.

Trauma-informed services include:

- Mental Health Therapy
- Education and Employment Programs
- GED and Adult Basic Education Programs
- Computer Literacy
- Financial Literacy
- Pre-employment Support and Job Placement

Up to 90 percent of our clients have experienced some type of violence or trauma. Many have been disconnected from society for a long time.

Switchpoint meets them where they are, without judgment. Our education and employment programs offer progressive engagement with an individualized touch. We help people feel valued and respected, which for many is a new experience.

In 2020 more than 1,300 people accessed our mental health counseling, and over 600 clients were helped through education and employment services. Of the 245 adults that participated in job-readiness programs, 169 previously unemployed adults re-entered the workforce.

“*Sometimes the bravest and most important thing you can do is just SHOW UP*”

-Brené Brown

FOCUS ON THE SOLUTION

“ I had given up. Thankfully my sister hadn't. After years of trauma induced addiction, losing my girls and many other important relationships, going to Switchpoint was my last chance. The motto 'focus on the solution' has made a huge impact on my life. One day at a time I found myself again. Now through housing programs available, family reunification is possible.

The staff is top notch when it comes to people who genuinely care and want to improve the lives of others. It takes a team of miracle workers to listen and understand how to support addicts. I can never thank the people involved in my process enough. Switchpoint continues to be an active part of supplying resources fundamental to rebuilding lives. Please keep doing what you're doing and never give up on making the world a better place. "

-Staci P.

CROSSOVER

RECOVERY CENTER

Over 40% of addicts who want help don't get it due to cost barriers

At Switchpoint our model is to identify the barriers our clients face then create a plan to overcome those obstacles. Getting treatment for substance use disorder for those without insurance or living in poverty was nearly impossible in Washington County.

Crossover opened in late February and despite the COVID-19 pandemic was determined to offer the vital treatment our clients needed. A residential treatment program which takes a holistic approach - addressing the underlying causes and trauma that led to the addiction, is proving to create long-lasting success.

Helping our clients get to know who they are without the shackles of addiction, sets them up for success in their continued journey of recovery.

In six short months more than 200 people have accessed treatment at Crossover and are on track to get their lives back.

”

When you observe a grown man with tears in his eyes share his experience of finding the strength to look at his own reflection in the mirror for the first time in years, you realize the impact of our program."

-Jared M. -Intake Coordinator

JOHN PAYS IT FORWARD

“ I was at my lowest... again.

Drug court sent me to Crossover Recovery as part of my release from jail. More than once I wanted to give up but Laurie wouldn't have it.

The team was invested in me 100%. I can say they saved my life. They believed in me when I was struggling to see my own worth.

When Carol saw me fixing the lawn mower with my fingernail she asked me about starting a small engine repair shop. I assured her we could make a success of it, with my 30-year trained mechanic experience. With the help of Switchpoint, from the board of directors to staff to volunteers, they've given me a new outlook on life. They trusted me and invested in me to get the repair shop open. I am honored to be a part of supporting this amazing organization that lifts people up - and sees the person behind their circumstance. I will give them my all. I'm 49 years old, I've got proof that if you try just a little bit every day you can do it." -John

NECESSARY ADAPTATIONS

**2020 was a year unlike any other
Unable to host fundraising events we
had to find creative ways to connect
with our donors**

Our innovative spirit was put to the test when it became necessary to cancel our largest fund-raising event of the year in April. That event had previously garnered nearly \$600,000 for our unrestricted funds. Thus not making it an option to do nothing to replace it. Pivot, adjust, get creative and do it fast! A full day-telethon type virtual online Facebook/Youtube event was created. In only three weeks time, our producer Steven Stay, pulled together musical artists to perform and promote our cause as Linda and Carol shared our stories and needs throughout the day. While we fell short on the financial goal of the day, we gained over 200 new donors who continue to engage and support us today.

OUR LAST EVENT
IN 2019

EVOLVING

WITH THE NEEDS OF OUR COMMUNITY

Switchpoint continues to evolve our programs and services to meet the needs of the over 5,000 community members assisted annually across all of our services

Expanded Vision, Extended Reach

At Switchpoint we are dedicated to addressing the root causes of homelessness and poverty. For this reason, every year we analyze the needs of our clients and assess our ability to effectively make an impact. In 2020 we expanded in three very important ways - opening Riverwalk Village Apartments, Crossover Recovery Treatment Center and Tooie Community Resource Center.

PREVENTION

preventing at-risk families and individuals from becoming homeless

EMERGENCY SHELTER

providing a hot shower and a safe place to stay while assessing their needs

EDUCATION & TRAINING

giving people the tools they need to achieve self-sufficiency

SOUP KITCHEN & PANTRY

helping eliminate food scarcity with a food pantry and soup kitchen

HOUSING DEVELOPMENT

creating more housing that people with very low incomes can afford

RECOVERY

addressing one of the core issues facing the homeless population

EXPANSION

TOOELE COMMUNITY RESOURCE CENTER

We are proud to have the Switchpoint model expanding to other parts of the state

At Switchpoint we see homelessness as a statewide issue and realize we must come together to address and solve the problem. When Tooele's Local Homeless Coordinating Committee came to us seeking help we were happy to step up and assist them in implementing our proven model. The homeless population in Tooele County had increased and they did not have the service providers to handle the need.

Tooele Community Resource Center falls under the umbrella of Switchpoint with independent funding coming from state and federal grants in addition to city and county support. Community members and businesses have come together to fill in the gaps. Tooele Thrift generates revenue as well.

The Resource Center includes: Pathways Domestic Violence Shelter, Food Pantry, 24/7 Emergency Shelter, and Drop in Services - Showers - Laundry -Housing Program - Rental Assistance - Computer Lab

Tooele CRC

COMMUNITY RESOURCE CENTER

Stepping Stones broke ground in October and will be complete by late summer 2021. Stepping Stones will provide 24/7 premiere childcare for our clients and the community at large

"There is great need in our community for childcare outside of traditional hours. We can count on Switchpoint to fill that need." -Mayor Jon Pike

We continue to grow with the needs of our community, building our future with big dreams and vision

Our community means the world to us. We couldn't do it without you

This year 1,266 community members logged a total of 26,011 volunteer hours

THANK YOU

2020 has been the most challenging year yet

for Switchpoint and the incredible people we are honored to serve. We have been inspired by the resilient spirit and courage of those seeking our services. It is humbling for both parties involved. We have been moved to follow their lead, to continue forward through fear and uncertainty, to find a way not only to manage this unprecedented time, but to excel through it.

This year we welcomed home 55 families to their own safe, affordable and beautiful Riverwalk Village apartment. We did not shrink, but persevered to open Tooele Community Resource Center as a response to their call for help. We moved the Soup Kitchen to the Switchpoint campus rather than shut it down. We opened a desperately needed Crossover Recovery residential treatment center. We opened the quarantine hotel to protect all members of the community and keep the shelter residents and staff safe. We moved and upgraded Bed-N-Biscuits Pet Village while expanding the Thrift Store. We lost our largest fundraising event and quickly pivoted to a virtual online event. We lost 90% of our volunteer force.

Through all this, we witnessed the best of humanity in you. You found ways to support us through our most difficult time. We watched those that have so little, offer up what they had to lighten the burden of friends and strangers. Many donated their stimulus checks, when they could have used the boost themselves. You, our donors came forward in monumental ways to make sure expenses were covered in order to keep the shelter open.

It is difficult to find words to adequately thank you. We trust you will feel our immense gratitude by our actions and never quit spirit.

YOU CAN HELP END HOMELESSNESS

Your generosity facilitates our work of providing essential programs and services to help break the cycle of homelessness and poverty. Each gift, no matter how big or small, makes a difference to a person in need.

MAKE A DONATION

- Donate online at switchpointcrc.org
- Enroll in recurring monthly giving
- Donate to our Thrift Store
- Make a donation of stock
- Honor a loved one with a memorial gift
- Give through your Donor Advised Fund (DAF)
- Designate a gift to our endowment fund

“It’s been amazing to see all that you have accomplished in Southern Utah. You’ve given our homeless friends hope, you’ve given them love.”

-Pamela Atkinson Advocate and State Advisor for Homeless Policy

OUR VISION

Every individual embodies their worth and value, with self-esteem, hope and abilities restored, thriving in affordable housing.

OUR MISSION

To empower those in need by addressing the underlying cause of poverty, providing a comprehensive plan to support their journey to self-sufficiency.
